

CHICAGO, Oct. 22.—The death of Bryan Scott of Knox College, who died in St. Louis yesterday of injuries sustained in a football game, was the eighth football fatality this season, according to statistics available today. There were fifteen deaths attributed to the game last season.

OIL HEARINGS WILL BE RESUMED IN LOS ANGELES

Witness for Defense
Claims Gas Discovered
Before Withdrawal

Case May Take Two
Weeks More; Oil Trials
Again in November

After examining one witness for the defense and recalling a government witness for further cross examination, the session of the Federal Court was yesterday continued until Monday morning at 10 o'clock before Judge Bledsoe in Los Angeles. W. Smith, former superintendent of drilling on the Ocala wells, was the only witness for the defense yesterday. He was being cross examined by Mr. Justice, the government prosecutor, when adjournment was taken at 3:30 o'clock. Mr. Smith testified that gas was discovered on two wells, previous to the government withdrawal, at a depth of 500 feet. He testified that the gas was lighted in the presence of six witnesses and finally extinguished with wet sacks. The witness was in the hands of the prosecutor when court adjourned.

Harvey W. Conner, a witness for the government, was recalled by the defense for further cross examination. On direct testimony Conner testified that blue shale was discovered at a depth of about 650 feet on the land in dispute. Yesterday he was shown the log report of the drillers, where it showed that blue shale was found at 250 feet.

The McCutchen case, which was being heard yesterday, was continued in Los Angeles. The other oil cases will follow that with the exception of the four cases in which Judge Bledsoe disqualified himself for owning stock in the Pacific National, one of the defendants. These four cases will be heard here on November 3.

It has taken two days to examine two witnesses for the defense and they have subpoenaed more than thirty witnesses. At this rate, unless much evidence is stipulated, it will take three or four weeks for the defense to complete its case.

Rumor of More Suits.
For the past two days it has been rumored between the attorneys for the defense that the government was planning on filing 200 additional suits, which take in the entire section of land in Maricopa Plate. The government prosecutor yesterday denied that the suits were to be filed. He declared that the story was started as a joke to "disturb the peace of mind of Oscar Sintro, attorney for the Standard Oil."

Judge Bledsoe and the court attaches left last night for Los Angeles.

Oscar Sintro, A. L. Wolf and many of the attorneys for the oil companies left late yesterday afternoon for San Francisco.

CALIFORNIA FRUITS FOR CHRISTMAS GIFTS

British American Relief
Fund Appeals for
Presents for Soldiers

The California branch of the British American Relief Fund will hold a meeting this afternoon at Woodmen Hall, corner Tuolumne and E streets to which an appeal is made to all British as well as Allied sympathizers to attend. The meeting will be called to order at 3 o'clock.

The purpose of the meeting is to consider plans for sending Christmas presents to the soldiers who are at the front. T. W. V. Forrest, secretary of the California branch of the organization will be present and detail the object of the meeting and the necessity of taking action at once. The appeal which has been sent out says in part:

"The present to consist of a package containing California products such as raisins, nuts, dried fruits, etc. The gifts would not be a drain upon but rather a help to the finances of the State as some of our contributors are putting two cards in each package they send, one of the cards they ask the recipient to send back to this country, and that the other be forwarded on to their grocer in the town they come from. In that way wonderful publicity will be given California products. Again, we ask city dwellers to donate money, some to be spent in California in the purchase of other commodities of their own choosing, such as cigars, tobacco, etc."

"The entire is a most worthy one. Will you help us? One small package will make some poor soldier's lot a little easier to bear. Assured appreciation of all of our Allies, who is the recipient, more than repays the giver."

Have already obtained from British sympathizers several tons a month free space on steamers sailing from San Francisco to England, shipment being delivered in 25 days. All contributions will be promptly acknowledged, and a receipt sent for the smallest donation."

White Label California
Cognac Brandy
It is aged in wood before it is bottled, and has a flavor that excels many of the imported brands.

ASSOCIATED IS NOT CENSURING BROKERS

Wylie Giffen Complies With Request of National Brokers' Ass'n

Following correspondence between W. H. Nichols, president of the National Canned Food and Dried Fruit Brokers' Association and Wylie M. Giffen, president of the California Associated Raisin Company, the latter company has agreed not to use any advertisements which throw any reflection upon the brokers. Recently in one of the ads of the California Associated Raisin Company, it was stated that the growers had not received all they were entitled to because they were at the mercy of the "broker and the speculator." Mr. Nichols objected to this statement in the ad and wrote President Giffen, who admitted that it should have been blue-pencilled.

President Nichols wrote Mr. Giffen in September as follows:

I wish to call your attention to the enclosed clippings of an advertisement in the Chicago Tribune relative to "Raisins—The National Fruit Food." I also call your attention to the paragraph which I have blue-pencilled: "The growers have not made all they were entitled to because they were at the mercy of brokers and speculators."

In my official position as president of the above association, I have taken the liberty to write you that I feel that this assertion in your advertisement is unwarranted, as far as the brokers are concerned, and I cannot help but feel that this paragraph must have slipped in without your knowledge or the knowledge of your association, because, in the first place, I am confident it is not true, and, in the second place, I am also confident that your association would not continue in its business with people that would have a reputation such as the advertisement says, and, under these circumstances I feel that

FOUR FRESNO MEN HONORED BY MASONS

Local Members Attended Biennial Session at Washington, D. C.

Many Californians received honors at the biennial session of the Supreme Council of the Ancient and Accepted Scottish Rite Masons, which has closed its session in Washington, D. C. Four Fresno men were among this number. H. D. Allison was given the thirty-third degree and Andrew Bang, Herbert Levy and William Thomas were made knights. Commander of the Court of Honor.

The Fresno members belong to the local Scottish Rite lodge, which is now on their way home from the Washington, D. C., meetings.

your association will be very glad to retract and eliminate this paragraph in future advertisements.

In his reply President Giffen of the Raisin Company wrote as follows:

I am just in receipt of your letter enclosing one copy of an ad that appeared in the Chicago Tribune. I agree with you that the wording of the ad was unfortunate, and have written our Mr. Merritt to that effect. The damage to the industry was caused by the speculation, and no one was particularly to blame for it except ourselves.

We certainly appreciate the efforts of the brokers who are doing such good work for us at this time.

And, finally, the Raisin Company closed the incident with the following letter from its advertising manager, E. B. Merritt, of Chicago:

My dear Mr. Nichols: Your letter of the 8th addressed to the president of our company, Wylie M. Giffen, complaining of a paragraph in one of our advertisements which is distasteful to the brokers' association, of which you are its president, has been referred to the writer for reply.

I hasten to explain that this was unintentional; it is one of the slips that happen in the rush, and our agents had no authority or basis for such reference, and I regret exceedingly that it should have passed this office without being blue-pencilled.

For your information I beg to advise that it has only appeared in one paper, and in the other papers over the country it was cut out just as soon as our attention was turned to it.

We thank you for bringing the matter officially to our attention and you can rest assured that it was not the intent of this association to traduce the character of the man we are going to depend upon to sell our goods, and whose friendship and co-operation we most highly appreciate.

WILL EXPLODE 24,000 POUNDS OF POWDER

Single Blast at Piedra Quarry to Displace 100,000 Cubic Yards Rock

Next Tuesday an electric spark will touch off 24,000 pounds of high explosive powder at the Piedra quarry of the Fresno Fuel company. The company expects this big shot to displace 100,000 cubic yards of commercial rock. This blast will be the third largest one fired in the last four years.

The last big blast fired by the quarry company consisted of 57,000 pounds of powder and 149,000 cubic yards were obtained as a result. The company has taken 547,000 cubic yards of rock from the Piedra quarry in the last four years and the supply seems unlimited.

Piedra quarry is located at the terminus of the Santa Fe in the Kings River Canyon, 21 miles from Fresno. Products of the quarry are used chiefly in building and road work.

SANGER PEOPLE MAKE KNOWN ROAD WANTS

Highway Commissioners Taken for Trip Over Roads

Members of the Sanger Chamber of Commerce and business men of that city yesterday afternoon met with the Fresno county highway commissioners and the engineer. A meeting was held at the Chamber of Commerce and then the commissioners were taken for an automobile trip on roads south and east of the city.

The Sanger people suggest that a permanent road be constructed east of the city toward Minkler; also roads north and south and that Jensen avenue, leading into the local high school, be improved. The commissioners, who were accompanied by Messrs. C. L. McLane and George H. Huntington.

One of the hottest parties of the season was given by the girls of the Normal school Thursday to a few of the members of the faculty. They had as special guests, Prof. Thomas Reed, head of the economics department at the University of California, and Miss Ruth Andrews of the local high school. The other guests were Mrs. Edna Orr Jones, Misses Maude Schaeffer, Doris Rosenthal, Messrs. C. L. McLane and George H. Huntington.

Painless Dentistry

UP-TO-DATE
SCIENTIFIC
HIGH GRADE

Dentistry

Billy Sunday Has Nothing On Me!

I, too, am fighting the devil—the devil of pain. I've got him cornered now, so you need not fear the monster any longer.

Billy Sunday is fighting an imaginary devil; I'm fighting a real one—the devil of pain. You may not believe in Billy's particular kind of devil, but you will admit that there are others almost as bad as his, and the devil of pain is one of them.

Years ago I started out to conquer this devil of pain, and I'm happy to say that I've got him thoroughly "flecked."

We ask you to concentrate your attention on a few statements of FACT, backed by good authority. The greatest doctor living probably is William Osler. He says: "More physical degeneracy can be traced to neglect of the teeth than to the abuse of alcohol."

We hear a thousand sermons on drunkenness, and scarcely a word about the criminal neglect of the teeth of children and of adults.

PAINLESS DENTISTRY is an accomplished fact and this we demonstrate daily in our offices. If you have a tooth which is badly decayed and the nerve has to be removed, that nerve is absolutely killed and the tooth made immune from pain before that nerve is removed.

If you have a tooth which must be extracted, there are many reasons why you should come to our offices for that operation. Skill and dexterity, proper methods and painless treatment. We do not compete with cheap quacks nor self-styled painless dentists, but only with first-class dentists who charge twice the price that we do.

We charge the same prices that you pay back east and give a written guarantee with all work that we do.

Dr. Kleiser And Associates
The Cut Rate Dentists
Be sure you are in the right place.
1031 Jay St., Fresno

Cut this address out and keep it. Don't fail to come in and have us give you an estimate on the cost before having any dental work done. Out of town patients finished in the shortest space of time consistent with good work. We have offices in Bakersfield, Visalia and Fresno.

Demonstration Week which ends with today, has shown conclusively that WONDER varieties in all departments, are as new and complete as can be found in any store in the state, and that WONDER prices are extremely low—lower in most instances, than prices in larger cities, an advantage which is very rare in connection with a highly specialized store as this is.... Today there are presented new features which further illustrate the superlative values presented by this exclusive style store.

PEACH GROWERS TO MEET NEXT IN MODESTO

Committee and Chairman of Districts to Meet Today

Walters Colony Growers Want Organization Explained Later

A good crowd was present at the meeting held by the peach growers last night in Walters Colony hall, but no subscriptions were made as the growers were desirous of having the matter explained at a later date before the Civic Center Club, an organization in the Walters Colony district. William Glass, J. P. Bolton and T. B. McKelvey spoke at the meeting. It is thought that the other meetings will be held in about two weeks. To date, about \$125,000 has been subscribed, representing about 1,155 subscribers. The committee must have \$250,000 subscribed in order to perfect permanent organization. William Robertson, secretary of the Chamber of Commerce, has arranged for five meetings next week. More complete arrangements will be made at a meeting of the Fresno committee and the chairman from the districts which will be held this afternoon at the Chamber of Commerce. The peach committee will meet with the representatives of the different districts where committees have already been appointed and much work will be discussed. It is planned to conduct a vigorous campaign next week, and it is estimated that thousands of dollars will be added to the subscription list. The meeting this afternoon will be similar to the ones held on previous Saturdays, only it is hoped to outline a bigger campaign for next week. The meeting will adjourn to meet later in the new headquarters in the Holland building. William Glass, chairman of the committee, will likely today name the committee to campaign in counties to the north of Fresno. The following meetings have been arranged: Modesto, Monday night; Merced, Friday afternoon; Turlock, Friday night; Ceres, Saturday afternoon; Livingston, Saturday evening.

There will be preaching services at West Park church Sunday at 11 a. m. and 7:30 p. m. by the newly appointed pastor, James Healey.

Stop paying rent and own your own home. We have the proposition whereby you can buy from us a modern, attractive home and pay for it like rent. If a renter you are interested. See us at 1000 Broadway, Fresno. Phone 6000.

A warrant was issued in Judge Smith's court yesterday for the arrest of John Doe Williams for the embezzlement of a wagon belonging to Dolph Owens of this city. The wagon is valued at \$25. Williams was entrusted with the property as bailer, and is alleged to have appropriated it to his own use.

DEATHS

ARAKELIAN—Near Fresno City, Oct. 22, 1915. N. Arakelian, a native of Armenia, aged 65 years. Friends and acquaintances are respectfully invited to attend the funeral this afternoon at 1:30 from the Armenian Trinity church, corner M and Ventura streets. Interment at Mountain View cemetery.

BORN

WANSSEN—October 21, 1915, to the wife of C. A. Wanssen of West Park, a daughter.

BULLIS—October 22, 1915, to the wife of Harry Bullis of Modesto, a daughter.

IN THE LODGE ROOM

Odd Fellows. Fresno Encampment No. 78. Odd Fellows, met last night in regular business session. The royal purple degree was conferred upon R. A. Nonacore. A social hour followed the business session. Refreshment Campaign.

Pittsburg Tribe, Independent Order of Redmen, has started a membership campaign with G. G. Woods in charge. The tribe expects to have a membership of 100 by the time the campaign closes. T. M. Brown, drill captain, has issued a call for all members of the drill team to be present next Tuesday night for drill practice. At the meeting held last Tuesday night a good crowd was present. Two members were initiated. Porter L. Blum, grand chief of records, was present and gave a short talk.

A well attended meeting of the Fresno Chapter of Native Sons was held last night and two candidates were initiated. Since the last meeting the chapter has drawn out more members each time.

As the finishing touch to the trim military costume, we are showing among the more ultra models of Neil-White Shoes for women, several boots of a distinctly military character.

Physician Performs Operation, Before Going Under Knife

Thursday morning, Dr. T. N. Sample anxiously worked over a patient upon whom he was performing a delicate operation. A few hours later he himself lay on the table, while Dr. A. B. McConnell removed his vermiform appendix. The doctor patient is reported to have withstood the operation better than the average.

For some time Dr. Sample had been troubled with chronic appendicitis. It was not until recently, however, that he decided that an operation was imperative. During the week he was busy with operative cases. Following his work Thursday morning he made ready for the table in the San Joaquin hospital and within a few minutes Dr. McConnell had performed the task.

In the superior court yesterday Judge Church granted a decree of divorce to Lela Edwards from Clifford H. Edwards. Sabra Ketchum has filed a petition for divorce seeking separation from Alfred G. Ketchum.

In the action for divorce brought by Ed Tietze, who seeks to be separated from Arthur Tietze, the complainant yesterday filed an answer to the cross complaint.

Snaphols by Barbara Boyd

Mab Meditates On Women and Sheep

"My! But women are like sheep" in a used to be said.

"What now?" asked Effie. "I ran in to see Clara this morning, and she was grinning about having to clean her silver. It was such a nasty job," she bemoaned, "and took her so long, and spoiled her finger nails and otherwise wrecked her hands and temper."

"Why do you have so much silver?" I asked. "Lots of these articles come in china—beautiful china, too—and think how much easier they would be to keep clean."

"But nobody has china," was Clara's answer. "Neither they do," agreed Effie. "Clara was quite right."

"But that is just it," replied Mab. "Just because a bunch of women some where, who have a dozen or so maids to clean their silver, attack up a silver store in their house, other women haven't even a hired girl, do the same. They tote home all the free samples of silver polish they can rather in the stores and spend hours rub, rub, rubbing to keep their silver bright. Sheep, I say, just sheep. A glass sugar bowl will hold sugar just as well as silver one. A china teapot will pour just as good tea as a sterling one. And a little tea strainer will take care of the grounds as well as a highly polished affair."

"But they wouldn't be so pretty," objected Effie.

"Just as pretty, if you choose them carefully. That isn't the reason women

do not have them. A lot of women do it because other women do it. They do not think for themselves. They have no initiative. And if some do have a sparkling set that has an earthenware tea pot would produce just as good tea as a silver one, they know that the minute it graced their sideboard, Mrs. Mean Thing next door would sniff, 'Huh! Guess Alice's maid is getting poor. They can't afford a silver tea pot.' And they will order silver."

"And if a woman doesn't follow because she doesn't think for herself," went on Mab, "she follows because she is afraid of looking caste. She thinks if there isn't a brave array of silver on her sideboard and supper table, Mrs. Well Off on the avenue will consider her a person of no importance and drop her from her visiting list. So up are we to judge people by what they have about them and not by what they have in their minds."

"We buy silver to impress people," Mab went on to say. "We wear French gowns to impress people. And so on through an array of things that are a weariness to the flesh and a brown taste to the mouth. All with a conviction of their efficiency in leading importance because that is the way to get on in the world. My pet, concluded Mab, "I should not consider it worthy while to be important in the eyes of people with whom such things have no importance, would you?"

"I don't know," hedged Effie. "One likes to know nice people and go about in good society."

"See," sighed Mab, "that you are already a promising member of the flock."

Lillian Russell's Beauty Talks

If you want advice on beauty topics, write to Miss Russell, care of this paper. She will be glad to answer all questions. If a personal answer is desired, stamped and self-addressed envelope should be sent with the query.

YOUR SMOOTH ELBOWS

THE summer time brings out as many defects as it hides. One of the most prominent of the former is the old elbow, or to be more clear, the callous elbow. It is a curious fact, but none the less true, that nine-tenths of the young girls of today have acquired hard, coarse and callous elbows. There are many reasons for the condition, and as many cures.

One important reason is that they are not bathed often enough. The head and shoulders too frequently, and another reason is that they are kept in a protruding position so continually that they receive bumps and jolts until they become callous to the sensations of pain and naturally accumulate a thick coating of callous flesh that forms a veritable pad against contact.

In the form divine there is no beauty more revered about by poets and writers than the perfect arm. I fear that woman's perfect arms are an accident rather than a cultivated acquisition in most cases. To find the rounded upper arm tapering down to the delicate wrist, firmly covered with satiny skin of green or pink, or pale pink coloring, is not common. In fact, it is the rarest mark of beauty to be found. Almost any girl or woman may possess it, however, if she will take the trouble to cultivate it.

There are many more girls ashamed of their arms than proud of them, which is a sad state of affairs. There are many arms that all womankind should be ashamed of. I speak of those little bony articles that dangle from shaven armpits fearlessly exposed to the elements and those over-fat arms that appear more like lower than upper limbs.

Firm, symmetrical arms are simply a question of condition. Sharp elbows are not unsightly, nor to be ashamed of, if the arms above and below them are round and smooth. Dangling the arms and shoulders two or three times a day, first with warm water and soap, then scrubbing them thoroughly each time, then bathing them with cold water and thoroughly drying them, will help to keep them firm and white. When the elbows are calloused, they should be gently rubbed with a piece of fine emery each time they are bathed. The callous flesh will disappear.

PERSONAL MENTION

J. T. Fuller, a Davisville attorney, is registered at the Sequoia.

Harry Duncan and wife of Los Angeles are stopping at the Hughes.

F. G. Francis, J. W. Bennett and A. Wade, all of Los Angeles, are registered at the Hotel Fresno.

Mrs. Marie Jacobs of Bakersfield is staying at the Sequoia.

H. A. Thompson of San Francisco and R. L. David of Oakland are registered at the Hughes.

R. D. Shaffer and wife and Mrs. O. J. Abbott, all of Turlock, are guests at the Sequoia.

J. W. Van Del Mark and G. W. Lane, both of San Francisco, registered yesterday at the Hotel Fresno.

W. J. Luke, Jr., of Alameda is a guest at the Hotel Fresno.

F. A. Kern of San Jose is stopping at the Sequoia.

C. J. Bell and wife from Selma are guests at the Hughes.

John Patterson and family of Mariposa are staying at the Hotel Fresno.

F. A. Bickel of Porterville is registered at the Hotel Fresno.

W. W. Shea and M. L. Root, both of Oakland and Phillip Princeville of Sacramento are registered at the Sequoia.

Earle R. Clements of Terra Bella is at the Hotel Fresno.

O. K. Young and wife of Pomona are staying at the Hughes.

Paul Fartea, a San Francisco attorney, is in Fresno in the interests of Mahoney Brothers, who are interested in the Fresno Interurban Company's electric road. Mr. Fartea is staying at the Hotel Fresno.

Mr. and Mrs. C. H. Holley of Lindsay and M. H. Warren of Bakersfield are registered at the Hotel Fresno.

H. P. Adler of San Francisco is staying at the Hughes.

COUNTY OFFICIALS FAVOR NO PARTY AMENDMENT

Sheriff McSwain, Sup't Lindsay Outspoken for Non-partisanship

Supervisor Huffman Declares He Is Straight Partisan

Sheriff W. S. McSwain and Superintendent of Schools E. W. Lindsay of Fresno county are pronounced in their view regarding the proposed non-partisan amendments, both declaring in favor of non-partisan elections. Supervisor Huffman is opposed to the amendments, saying that he is a strict partisan. To get the opinion of California's county officials concerning the success of non-partisanship in county elections the California Non-Partisan League, with headquarters in San Francisco, sent out to these officials postal cards for a straw ballot.

According to the returns as published in a circular letter from the league the county officials reported almost unanimously that county non-partisanship was a great success; and out of 127 replies, 113 county officials, superior judges, district attorneys, county clerks and others, declared their belief that non-partisan election of state officers would extend the same benefits to the state that counties have gained under non-partisan elections. Only fourteen officials expressed opposition. One was undecided.

Among the officials who declared in favor of electing state officers on merit and efficiency alone without regard to party label, as provided in propositions 1 and 2, he voted on October 22 were Superior Judge H. Z. Austin, Sheriff W. S. McSwain and Superintendent of Schools E. W. Lindsay.

Superintendent of Schools E. W. Lindsay said that he was a straight partisan, that he was a Republican, and that he was opposed to non-partisanship.

Among the officials who declared in favor of electing state officers on merit and efficiency alone without regard to party label, as provided in propositions 1 and 2, he voted on October 22 were Superior Judge H. Z. Austin, Sheriff W. S. McSwain and Superintendent of Schools E. W. Lindsay.

Superintendent of Schools E. W. Lindsay said that he was a straight partisan, that he was a Republican, and that he was opposed to non-partisanship.

CONVICT MALONEY IN GAMBLING CASE

Jury Hears Evidence; Sentence to Be Imposed Next Tuesday

Tom Maloney, arrested by the police September 15 for conducting a gambling game, was convicted on that charge yesterday by a jury in police court. Judge Briggs will impose sentence next Tuesday.

The police found Maloney and a man by the name of J. A. Saylor in the room. A game of "stud" poker was in progress. Yesterday Maloney, through his attorney, Frank Curtin, pleaded that he was intoxicated at the time and that he did not know what kind of a game was being played. District Attorney McCormick conducted the prosecution.

At the time of his arrest, Maloney told the police he had either gambled or starved.

ISSUE BULLETIN ON FRESNO ROADS

Committee From Auto Dealers' Association Gathers Information

As a result of plans made at last month's meeting of the Fresno Auto Dealers' Association, a road bulletin containing descriptions of the conditions of all roads around Fresno in all directions, has been made. Frank G. Hood, chairman of the committee, has turned the bulletin over to N. R. Cooper, secretary of the association, who will circulate it to all interested parties.

The bulletin committee made a special trip over all the roads described. A bulletin of the kind will be issued by the association at frequent intervals. The initial bulletin is as follows:

Fresno north: State Highway to Madera, Merced, Modesto, Manteca, Tracy to Altamont Pass and Livermore (road under construction between Livermore and Santa Rita). Go west on Main street to Livermore to Pleasanton, turn north at Pleasanton to Dublin Canyon road to Haywards and then Foothill Boulevard to Oakland.

Fresno south: Highway to Fowler, Selma and Kingsburg. Turn east through Kingsburg to Madera and Visalia.

Choice of two roads to Bakersfield: Visalia to Exeter, Lindsay and Porterville, Terra Bella, Ducor. Turn west to Earlham turn south to Delano State Highway to Bakersfield. Road conditions fair. Tulare route is twelve miles shorter than above. Visalia to Tulare and Tipton then turn east 1 1/2 miles, south to Delano State Highway to Bakersfield. Road conditions fair.

Road to West Side: Taft, Mariposa, Fresno and McKittrick, in excellent condition.

Fresno to Coalinga: Kearney boulevard ten miles to road sign, turn left and follow road signs. Road is rough.

Fresno to Los Banos: Kearney boulevard ten miles to road sign, turn right to White Bridge road, turn left to Mendota, Dos Palos road is fair.

DEATH SUMMONS NORTHERN JUDGE

OLYMPIA, Wash., Oct. 22.—Justice Herman D. Crow of the State Supreme Court died here today. Mrs. Crow and their son, Denton H. Crow, of Tulare, Cal., were at the bedside.

Judge Crow, whose home was at Spokane, was born at Delaware, O., April 13, 1851. He was a member of the Washington state senate two terms, and had been presidential elector and regent of Washington State College.

ROBBERY MYSTIFIES

SAN FRANCISCO, Oct. 22.—The police today admitted that they were at a loss to solve the mystery of a daring jewel robbery perpetrated at the St. Francis hotel Wednesday night in which jewelry valued at nearly \$10,000 was stolen.

Several suits on the second floor were looted by the thief.

me one to bring down, but "very high to thee"—and that each and every one constantly in touch with and completely dependent upon Him. As an illustration of this important fact, permit me to say that there is no one here or anywhere who could have one right idea without Him to have it; without Him enabling him to have it; at there is no one who could draw a single breath without His animating him.

There is no moment of true peace or happiness without Truth and Love being expressed to him or by him, without Truth and Love governing him.

With this Christian and scientific idea of God, the universe is seen to be a static whole, which the Infinite and beneficent God, Life, Truth and Love—"Spirit" as designated by Jesus, "Principle of Being" as taught by Alex. Eddy's "Science and Health, p. 23)—religion supreme, in which a static, recognized, admitted, realized, entirely a state of Mind in which

The lofty spires, colonnades and domes are seen in vivid contrast with the vast swards of green and many acres of flowers, pines and palms from far off corners of the globe.

The closing time of the Fair is drawing near. Don't postpone your visit—the end of 1915 will soon be here and

San Diego's Fair will be but a memory then.

VIA—

...each and to heal, but he told them
...not to preach; and in the light of the
...Christian Science which he taught, it
...is plain to them, as it is quite plain
...to Christian Scientists today, that what
...commanded them to preach was in-
...tended to and did heal the sick and re-
...turn them the sinful.

It is recorded that when the disciples
...returned from their mission they reported
...that the very devils were subject unto
...them. What was it that Jesus told them
...to preach? Nothing worldly-wise, cru-

On the contrary, something very simple: "And so ye go, preach, saying: The kingdom of heaven is at hand." The kingdom of heaven is at hand! Did this simple statement have the potency to reform and regenerate men, to purify and enlighten them? What is the kingdom of heaven? All thinking people would probably agree that the kingdom of heaven is a happy and harmonious state in which God reigns.

universe governed by this the only
God, we shall very plainly see that
the kingdom of heaven which Jesus con-
tinued his disciples to preach, is indeed
here, and that we are entitled to the
enjoyment of this kingdom as the
reward for the service for "in him we live, and
move, and have our being." Recognizing

"CASE OF BECKY" IS CROWNING SUCCESS

SPECIAL PARAMOUNT FEATURE TOMORROW

SCENE FROM "THE WOMAN, THE LION AND THE MAN"
TWO REEL CENTAUR FEATURE. — MUTUAL PROGRAM
One of the Remarkable Features On Kinema Double Program Tomorrow

Since her appearance under the Lasky-DeLuxe-Paramount banner, Blanche Sweet has appeared in many unique productions, and, being essentially a screen star, her work has always been superior in the silent art.

Beginning with "Secret Orchard," a series of dual characterizations have been portrayed by the wonderful Miss Sweet. Pre-natal influence again appear in the "Case of Becky," but, in much more startling degree than heretofore. A strange feminine phenomenon is Blanche Sweet—Weird, odd and gripping. The "Case of Becky" is proving a revelation and a most unusual attraction at the Kinema, where it appears for the last time today.

Double Program Tomorrow.
William Elliott, David Belasco's clever young nephew appears in a special Paramount for tomorrow only. Mr. Elliott will be remembered for his superlative work with the vampire woman in "White and Women." The play tomorrow is from the famous play "When We Were Twenty-One," and the delightfully refreshing Mr. Elliott makes more than pleasant comedy in this humorous play.

Capt. Jack Bonaville also comes tomorrow in one of his animal dramas, called "The Woman, the Lion and the Man." His hand to hand struggle with the lion is sensational in the extreme. The big double program starts at 11 a. m. tomorrow at the Kinema.

ACTS COMPETE FOR FIRST PLACE AT ORPHEUM

Bertie Beaumont is An Airy, Graceful Dancer, and Her Costumes Are a Feature of This Week's Orpheum Show

The Orpheum, true to their word, are sending to Fresno all their high-class features. These who love a delightful bit of drama are finding joy in the play, "Sweethearts," as played by Edwin and Jane Connolly. Under the head of "novelty" comes "A Telephone Tangle," in which Madge Caldwell is making such a pronounced success. The Honolulu Club, in Hawaiian melodies; George Chilo, a remarkably smart Japanese athlete; Frances DeGross, in new and old ballads. Beaumont and Arnold were seen here in "Miss Nobody from Starland" and in their sketch, "The Doctor," their costumes, and dancing deserve special note. Bessie Browning is not billed as a headliner, but she is there nevertheless and captures her share of the favor. Two reels of Orpheum motion pictures, one featuring Mary Pickford and Henry Watfall, round out a most excellent show.

"The Clansman"

That "The Clansman" now returning to the White Theater for four nights and Wednesday matinee, starting Sunday night, was witnessed by more than 14,000 people during its first engagement in Fresno at the White last September, is substantial proof of its value. It might also be stated that in Los Angeles during the

last twelve weeks of its presentation more than a million paid admissions were registered.

Never before in history has a dramatic attraction proven so thoroughly popular as this remarkable production of D. W. Griffith's.

SPECTACULAR WAR FILM AT JITNEY THEATER

Scenes Show German Invasion of France

The series of pictures being shown at the Jitney Theater gives a more clear idea of the horrors of this conflict than could ever be given by merely written descriptions. Today the spectacular "War of Wars" of the German Invasion of France shows pictures of devastation and ruin, of pillage and desolation such as are rapidly reducing all Europe to a land of barbarism.

This is another of the series of actual pictures which were taken by an Italian film company and which have been shown throughout this country as star attractions. They are the first genuine pictures of this character that have ever been exhibited in this country and the Jitney is to be congratulated in its success in securing them for the Fresno showing.

On today's bill there will also be a good comedy to counteract the war pictures. "A Pound for a Pound" is filled with a wealth of comedy material that makes it one of the most enjoyable pictures ever placed on a program in this city.

More War Pictures Tomorrow.
A continuation of the war pictures will be on the bill at the Jitney for Sunday. These are authentic pictures that have been taken in Europe at the scene of the conflict and give a correct reproduction of the actual scenes.

And on the Sunday bill there will also be an excellent comedy to inspire a pleasant good-bye. The comedy is "Phirious Lixie."

Under the new management, which has been in charge for several months now, the Jitney has become one of Fresno's most popular places of amusement. Not only is the theater clean and cozy, but the films are well selected and only good ones are shown. There is always a good show to be seen at this house. It is one of the oldest established picture houses in the city and has for years occupied the location at 1022 I street.

"HELP WANTED" ANOTHER TRIUMPH FOR DRAMA

Matinee at Theater Fresno This Afternoon

After the several top notch dramatic productions seen at the Theater Fresno this season, one would hardly expect to be confronted with a play that holds the attention every minute, with never a lull in interest and pleasure, but just such a play is "Help Wanted."

All week long, this masterful drama of Jack Lait's has enraptured Theater Fresno audiences, and will undoubtedly break the record for attendance at this popular playhouse.

Matinee Today.
This afternoon and tomorrow afternoon "Help Wanted" will be seen by the matinee patrons, and will close the week with the Sunday night's performance.

Mr. James Post, manager of the Theater Fresno, has arranged to have a maid in attendance at matinees, to take care of children who would otherwise keep the mothers from enjoying the show.

Beauty Play Coming.
Next week, beginning Monday Oct. 25th, the Post Players will present the delightful play of simple filer-folk, "The Girl from Out Yonder."

Scene efforts are now being painted for this production and are revelations in artistic attainment.

In "The Girl from Out Yonder," Miss Evelyn Hamby is cast in the role of "Flotian," a part that will further emphasize her versatility and natural talents.

An Idea For Christmas

There are just nine Sundays between now and Christmas—just nine weeks in order to remember all of your friends.

During the summer you have probably succeeded in getting some very interesting vacation snap-shots. Why not have a few enlargements made of some of these and after framing them, present them to those of your friends who will be the most appreciative?

No one can duplicate such a gift. There is a few enlargements made of some of these and after framing them, present them to those of your friends who will be the most appreciative?

The time to arrange for enlargements is now—before the rush of the holidays you can get an attractive enlargement for 35c.

Bring In Your Old Fountain Pen

We want to get a lot of old ones.

Look around the house and see if you haven't an old fountain pen some place.

If you have bring it in. We will allow you to trade it in on a new pen and will make a more liberal allowance than you will probably expect.

Like old torn currency, these old pens are valuable no matter how dilapidated, as long as they are all together.

In speaking of fountain pens, do you know that you can get a good one for a dollar, and a self-filler that gives splendid satisfaction for a dollar and a half?

We are agents for Waterman pens and of course keep a full assortment of this standard brand. Waterman pens are acknowledged to be

the best and most satisfactory pens on the market and we offer you a selection out of which you can find one to suit your particular needs.

Anti-Pyrol, A New Tooth Paste

The medical and dental professions have, after a great deal of research work and experimenting, discovered that the ideal treatment for the prevention, relief and cure of pyorrhea is Pyrol. This is being used in one of several forms by most of the best dentists of the country with very favorable results.

Anti-Pyrol Tooth Paste contains Pyrol and is therefore one of the best preparations to use in the prevention and treatment of this disease, Pyorrhea.

TO INSTALL SYSTEM HANDLING ACCOUNTS

Merchants' Association Completes Plan for New Department

On November 1 the Merchants' Association of Fresno will be ready for business in the handling of accounts for the members. Secretary H. E. Patterson, who was instructed to arrange for the inauguration of this department of the association, has been in correspondence with the biggest organizations of this character in the country and from the information obtained from them, coupled with that of the members of the organization which he represents, has arranged a system that will apply here with the result that the system which he will install will be the most modern and simplified method of handling accounts.

This new department will be operated in connection with the credit department of the association which will be an added advantage in the collection of accounts.

Several names are being considered for the position of head of this new department and the head will likely be selected at the meeting of the board of directors at their meeting on Tuesday next.

EXPERT TO DISCUSS BUSINESS PROBLEMS

Field Secretary U. S. Chamber Commerce to Talk to Fresnoans

Edward F. Treitz, field secretary of the Chamber of Commerce of the United States, will address the business men of Fresno on November 22, when he will be the guest of the Merchants' Association and the Commercial Club.

Mr. Treitz is on a tour of the United States, having left Washington, early in September. He has made a number of addresses to business organizations on topics in which they are directly interested.

The Merchants' Association has arranged with the Commercial Club for a joint meeting of the two organizations on the date named and a noon luncheon will be served. Mr. Treitz will deliver an address, his topic being: "Problems That the Business Men of the Country Will Need to Face in the Near Future."

WAR REPORTS

German Report

BERLIN, Oct. 22, by wireless to Bayville, N. Y.—Russian attack on the east, east and south of Orskovitch have been repulsed by the troops of Prince Leopold. It was officially announced by the German war office today. The capture of eight officers and 1,110 men is reported.

The army of General von Lindenberg has made a general counter attack to the west of Orskovitch and driven back the Russians. During the last few days nineteen officers and 3,000 men have been taken prisoner in this district and one captain and eight machine guns captured, the official announcement adds.

The text of today's announcement follows:

"Eastern theater: Army of Field Marshal von Hindenburg: Strong Russian attacks against our positions at Sudeau, west of Kozlovsky were repulsed.

"Army of Prince Leopold: The Russians attacked northeast, east and southeast of Orskovitch. They were repulsed. East of Orskovitch eight officers and 1,110 men were taken prisoners.

"Army of General von Lindenberg: Our counter attack began on an extensive scale west of Orskovitch was successful. We have begun pursuit. During the battles of the last few days nineteen Russian officers, 3,000 men, were captured. The loss of some of our cannon, which we reported yesterday, was due to an attack by Russian divisions to the rear of our artillery lines. Six cannon have been lost.

"Army of General von Gallwitz has pushed forward as far as Salevka, Savinovka and Tsvetova in the region north of Rensovka.

"Army of General von der Goltz is making further progress north of Knaevica.

"Kumunova and Veleke have been taken by Bulgarians.

"South of Strumitsa the enemy has been driven across the Wardar river."

"Kumunova and Veleke have been taken by Bulgarians.

"South of Strumitsa the enemy has been driven across the Wardar river."

Russian Night Report

PETROGRAD, Oct. 22, via London, Oct. 22, 11:35 p. m.—The official communication issued today dealing with the situation on the Russian front says:

"On the western front in the region of the village of Zafar and west of Olai on the Mtsu road we yesterday repulsed a fresh violent attack by the enemy. In the regions of Friederichstadt and Jacobstadt and on the front in the region of Dvinsk there is no change.

"On the front south of Lake Beginko our troops progressed all along parts toward the west. German counter attacks were launched several times, but in many cases they were repulsed with heavy losses, simply by the well sustained fire of our troops.

"A violent combat near the village of Douk, west of the village of Douk, ended in the taking of this village by our troops.

"Southeast of Baranovitch our troops, fighting, crossed to the west bank of the Upper Sara and occupied the heights of the village of Masouk, taking in the course of the fighting twenty officers and 1,568 men and three machine guns.

"On the left bank of the Styx the fighting continues.

"According to later information the number of prisoners taken in the different districts in this region has increased from ten to sixty-seven officers and 2,025 men.

"On the remainder of the front more to the south and in Galicia, nothing of importance has occurred, with the exception of fighting to our advantage at

Novo Alexine and more to the north.

"On the Caucasus front on the 20th, in the east region southeast of Khajul and on the bank of the Tchoruk and north of Lake Torkun there were fresh combat engagements. On the river Arax, in the region of Khosavut as far as Mdzaghetz, there were engagements between our cavalry and Russian Kurdish cavalry which was supported in sectors by infantry.

"Near the village of Berek, the Caucasian cavalry, in spite of the receipt of reinforcements, was thrown back toward the Khajul region. On the north and south shores of Lake Van near the villages of Arilich and Vastan there were advance guard actions. On the remainder of the front there is no change."

French Day Report

PARIS, Oct. 22, (2:40 p. m.)—German troops have made an unsuccessful attack on certain French positions near Givency, according to the announcement made this afternoon by the French war office.

The text of the communication follows:

"The enemy undertook yesterday evening, without success, an attack against the positions to the east and to the southwest of the fort at Givency. They also were very easily repulsed in the valley of Saubez.

"In the Champagne district the German bombardment has been going on with great violence to the west of Fathure, to the east of Butte de Meunil, and in the vicinity of Villers-sur-Tourbe. Everywhere the answer to this bombardment was a fire of repression which apparently was very effective.

"The explosion of one of our mines in the Argonne resulted in the complete destruction of a post of the enemy.

"A group of French aeroplanes has been shot down by German aeroplanes at Ouel, between the Argonne and the Meuse."

French Night Report

PARIS, Oct. 22, (10:55 p. m.)—The communication of the war office issued tonight says:

"In Belgium, in the environs of Loubaerlyde, while the German artillery was shelling our trenches, we instantly stopped some preparations for an attack by scattering by our fire the enemy's forces which were concentrating in the neighborhood of our front.

"Our artillery, on the other hand, has shelled very efficaciously during the day the German trenches and concentrations between the Avre and the Oise.

"In Champagne and the Argonne we have mastered by the fire from our batteries the cannonade directed by the enemy against our positions in the neighborhood of Tahure, Massiges, La Hardecourt and Le Four de Paris.

"Nothing of importance has been reported on the remainder of the front."

The Belgian official communication made public today says that calm prevails along the line in Belgium.

Russian Day Report

PETROGRAD, Oct. 22, via London, Oct. 22, 4:35 p. m.—Further Russian successes on the southern part of the front were announced today by the war office. It is stated that several Austro-German positions and more than 7,500 men have been captured.

The announcement follows:

"By an energetic surprise attack in the region of Novo Olskuzet, thirty versts (twenty miles) north of Tarnopol (eastern Galicia) we captured

ALLEGED CREAMERY TRUST BEING PROBED

Special Agent Department of Justice Is Now in Los Angeles

LOS ANGELES, Oct. 22.—Leon Bone, special agent of the department of justice stationed at Salt Lake City, arrived here today to pursue investigation of an alleged creamery trust which is said to be in control of markets in Utah, Wyoming, Nevada, Washington, Oregon, Arizona and parts of California. Those or four big creamery companies, it is said, dominate the dairy market and fix the prices of milk, cream and butter.

The investigator was reticent concerning the progress of the milk inquiry. Nothing so far, it is understood, has been presented to the federal grand jury.

portions of the enemy's positions yesterday.

"Similarly we seized part of the enemy's positions in the region of Novopoussane, which is north of Novo Olskuzet.

"In the course of the day we made prisoners in these combats 148 officers and about 7,500 soldiers. We captured two howitzers and numerous machine guns."

Turkish Report

CONSTANTINOPLE, via London, Oct. 22, 10:30 p. m.—The war office today made public the following official communication:

"On the Dardanelles front there has been nothing of importance on which to report. Only local fighting has been in progress.

"At other places there is no alteration in the situation."

QUARREL OVER WAR; MURDER IS RESULT

Austrian Pushes English Workman Into Big Drill Press

DENVER, Oct. 2.—George Flaragrad, an Austrian, was arrested today charged with murder in connection with the death of George Gray, an Englishman, who was crushed in the machinery at the Colorado and Southern railroad shops here August 26.

According to the police, Flaragrad heard that the Austrian army had been killed in the machine. Gray is said to belong to a well-known family.

Flaragrad was arrested on a story told by Robert Black, who claimed to be an eye witness. Both men were taken into custody. A police headquarters, Black repeated his accusations before Flaragrad, who denied knowledge of the affair.

Gray had been employed as a minor "boss" at the shops for six months. He and Flaragrad had quarreled frequently over the war. The Austrian's bitterness became intense when he was told that an Englishman had killed his brother in the European war.

Black told the district attorney that on August 26 Gray was operating a powerful press drill, boring holes through steel. Flaragrad, according to Black, seized Gray's sleeve, and shouting "I'll show you how the Austrians kill the English," dragged the Englishman into the drill press. Black said, the Austrians pushed Gray's head into the machine. The revolving wheels crushed the head, killing Gray instantly.

Flaragrad was arrested late today and taken to the city jail. He was held in custody as a material witness.

According to his story as told to the prosecutor, Black saw every detail of the alleged crime. He said he was so horror-stricken that he was unable to revive it to survive and after the coroner's jury had returned a verdict of accidental death he still kept his secret, fearing that he would be punished for his previous silence.

LARGE CROWD GREETED GOVERNOR AT POMONA

Big Garage Too Small to Hold Throng that Gathers

(Special to The Republican)

POMONA, Oct. 22.—A spacious garage pressed into use for the occasion could not accommodate the throng that gathered to hear Governor Johnson speak for state-wide non-partisanship tonight. This city was made a rallying point by delegations from Covina, Glendora, Lodi, Ontario and San Dimas, and attended by all expectations. R. C. H. Hudson presided. "Forty years of party responsibility" taught us what that meant," said the governor. "Hereafter in this state fitness and efficiency shall be the test for public service. Under these non-partisan laws no great special interest and its boss can ever again rule the state."

FIFTEEN MILLION HAVE SEEN FAIR

SAN FRANCISCO, Oct. 22.—Attendance at the Panama-Pacific Exposition passed the 15,000,000 mark at 7 o'clock tonight. The official reading at 8 p. m. showed that 14,000,739 people have visited the exposition since it opened. The million was made up in sixteen days, or a day less than it took to make the fourteenth million.

UNVEIL FREMONT TABLET

LOS ANGELES, Oct. 22.—A tablet to General John C. Fremont, commemorating his military achievements in California, was unveiled here today in the presence of a large gathering. The tablet is the first of a number presented by Daughters of the Revolution to be placed at historic spots in the state. Governor Hiram Johnson delivered an address during the ceremonies.

AUTO CO. FAILS

SIoux CITY, Oct. 22.—The Wyckoff-Cord Automobile Company, one of the largest automobile companies in this section, filed a voluntary assignment in the District Court today. The liabilities are given as \$100,000; assets unknown.

AUTOMOBILE STOLEN

The police were informed yesterday of the theft of an automobile from in front of the Klumha theater, Thursday night. The machine belongs to J. H. Piper of the Hughes Hotel, and carries the state license number 107,124.

DEFENSE COUNCIL URGED FOR U. S.

Speakers Declare That Politics Must Be Eliminated

BOSTON, Oct. 22.—The establishment of a permanent council for national defense was urged, a primary measure of preparedness, by speakers at a meeting held under the auspices of the National Security League tonight.

Governor Walsh and United States Senator John W. Weeks, both of whom advocated the defense council idea, said that its success could not be assured unless it were removed from political influence. The governor suggested that the council consist of the President, the secretaries of war and the navy; the presidents of the War college and the Naval college, other heads of the military and naval forces and the members of the war and peace, the military and the naval committees of congress.

Senator Weeks recommended that the council should be made up largely, if not almost entirely, of officers of the army and navy, continued from one administration to another, in such a way that a change of administration would have no effect on its activities.

It was the opinion of Governor Walsh that these citizens who were frightened by the word "militarism" were needlessly alarmed, because, and there could be no such word "in a country where the citizens are soldiers and the soldiers are citizens."

"So long as the old-line doctrine is an active, virile factor in our national policy," he continued, "we cannot longer deceive ourselves that a military policy is unnecessary."

Senator Weeks emphasized the need of proper development of a Greek army reserve. Experience has shown, he said, that a regiment that starts out with 1,000 men, at the end of six months has been depleted to 400. He said that a reserve of 1,500,000 men was needed and that the navy forces should be bolstered to a proportionate extent.

President Richard C. MacLaurin of the Massachusetts Institute of Technology, said, "I can see little hope for civilization unless the peace-loving nations of the world can bind themselves together and arm themselves with a stick big enough to keep the peace."

President A. Lawrence Lowell of Harvard University, appearing, he said, as an advocate of peace, characterized as a bugbear, "the fear that we would ever be a military people desiring conquest." He thought that preparedness was necessary to the safety of the country and that it would prove to be a preventative of war.

WOMAN MAKES SECOND MURDER CONFESSION

Says She Killed Peddler On Monday Night; Cut Up Body Next Day

SAN FRANCISCO, Oct. 22.—Mrs. Mary Parnis, who confessed to the police Wednesday that she killed Michael Weinstein, a peddler, in her apartment Tuesday night, made a second confession today in which she said she killed the man Monday night, secreted the body so that her husband knew nothing of the crime and cut up the body in a cold storage box.

Husband and wife slept that night in the bedroom where the peddler's body lay.

The police said they believed the revised confession and probably would release her husband, John Parnis, a street calling motorist, tonight. He was held pending investigation of the crime.

The woman's new story reconciled several conflicting facts which puzzled the police. They doubted the ability of the slender woman to chop to pieces the body of the man in the time she said. They found, also, that Weinstein's watch stopped at an hour later than the hour of the crime as first described. A new trunk purchased Tuesday afternoon indicated, the police said, possible premeditation.

Mrs. Parnis' story, as told today, explained these things. She said she killed Weinstein because he threatened to show certain letters to her husband, among other reasons. After the murder, she said, she hid the body in her box in her bedroom and kept knowledge of the crime from her husband. Tuesday, she said, she cut up the body, wrapped the pieces in newspapers and placed them back in the couch.

Meantime she sent another apartment block away, where she intended to send the newly purchased trunk with the body in it. This plan she did not execute. Tuesday night she went to the new apartment, telephoned her husband and argued with him in fear of immediate flight, after she told him she had done. Her husband, she said, spent the night convincing her it would be better to surrender to the police. Wednesday morning husband and wife went to the police station and told of the crime. The first information of it received by the police.

Weinstein knew Mrs. Parnis in Atlantic City, N. J., four years ago, and renewed attentions here, the woman said, in a manner that caused her to kill him.

WOMEN WON'T WORK; TOWN IS PUNISHED

PARIS, Oct. 22, 11:30 a. m.—A correspondent of the Belgian News Agency, telegraphing from Hazeubrouck yesterday, said that the town of Hazeubrouck, Belgium, near Courtrai, is being punished by the German governor because the women of that locality refuse to do military work for the Germans. Twenty-nine women, he says, have been sent to Germany as prisoners.

"The Belgian food committee has been forbidden to supply Hazeubrouck with food," the dispatch adds. "All cafes are closed. No Belgian is allowed to go outdoors between 4 p. m. and 7 a. m."

"The town of Loxennes has been compelled to pay a heavy fine because the women there declined to work for the German army."

FOSS HELD FOR CRIMINAL LIBEL

BOSTON, Oct. 22.—Probable cause was found against former Governor Eugene N. Foss in an action for criminal libel brought against him by Dennis D. Driscoll, a labor leader, in municipal court today. Foss was held for the grand jury in \$100 bail. The alleged libel was said to have been made during the recent primary campaign.

ALL NEW

The Punch

is all there. The attractiveness of these Fall and Winter Suits at \$15.00 will appeal to you. We show styles and types of clothes that have the punch behind 'em—styles with ginger—clothes you'll like—for the young fellow or older man—at \$15

We Can Use Strong Talk

We can say without indulging in exaggeration that the suits and overcoats we are showing at \$20.00 are distinguished looking ones. The tailoring work gives them snap. Rheumatism Easily Relieved By Cleansing the Blood

S. S. S. Gives Quick Relief by Toning Up the Blood

Yes, but how? A natural question. The answer is that you must cleanse your blood by stimulating it to healthy, vigorous action, so that it will throw off the germs and impurities that cause Rheumatism. The action of the wonderful blood purifier, S. S. S., is to practically renew the life blood, give it vigor, stimulate the flow, making it throw out the germs and the poison impurities. The excruciating pains of Rheumatism, whether it is the shooting, stabbing, Sciatica, the gripping agony of muscular Rheumatism, or aching arms and legs that break up sleep, will be entirely relieved by S. S. S. Don't use nostrums and drugs. Take the blood bath—Nature's blood tonic, S. S. S. Get it at any drugstore, but insist upon S. S. S. Let us tell you about blood diseases. Send for booklet "What the Mirror Tells," or, if yours is a peculiar case, write S. S. S. Co., Atlanta, Ga., but begin treatment at once

VELVET, the Smoothest Smoking Tobacco, is bitless because it is Kentucky Barley de Luxe (the smoothest pipe tobacco) mellowed by more than two years' aging.

KING GEORGE APPEALS FOR MORE VOLUNTEERS

LONDON, Oct. 22, 4:05 p. m.—King George has issued an appeal to his subjects to come forward voluntarily and aid Great Britain in her fight against the German allies. "I, your men, and yet more," the monarch says, "are wanted to keep my armies in the field and through them to secure victory and enduring peace."

The message of the king follows: "To my people: At this grave moment in the struggle between my people and a highly organized enemy who has transgressed the laws of nations and changed the ordinance that binds civilized Europe together, I appeal to you."

"I rejoice in my empire's effort, and I feel pride in the voluntary response from my subjects, all over the world, who have sacrificed home and fortune and life itself in order that another may not inherit the free empire which their ancestors and mine have built. I ask you to make good these sacrifices."

"The end is not in sight. More men, and yet more, are wanted to keep my armies in the field and through them to secure victory and an enduring peace. In ancient days, the darkest moment has ever proved in men of our race the sternest resolve. I ask you, men of all classes, to come forward voluntarily and take your share in these fights."

"In freely responding to my appeal, you will be giving your support to our brothers, who for long months have nobly upheld Great Britain's past traditions and the glory of her arms."

Fresno Real Estate and Building

FRESNO PEOPLE ARE SPENDING ABOUT \$93,000 ON NEW HOMES

Actual Construction Progress Statistics Prove That Good Times Wave Has An Undertow Grip of This Section of San Joaquin Valley

Residences aggregating in cost \$93,000 are under actual construction in Fresno at the present time.

This figure might well be considered as a conservative standard for fixing the steady progress of Fresno as regards the residence districts of the city. In fact, it is exceeded on all sides that building in Fresno at this time is anything from "brisk." However, all of the really new men are strong in voicing the "good time wave," which struck Fresno about ten days ago. The really movement wave is not confined to Fresno alone, but appears to be breaking throughout the San Joaquin valley.

The list of homes, which is to follow in detail, is as accurate as it is possible to make up by canvassing the city street by street. The majority of instances, the residences considered for this story are about one-half to two-thirds completed. Only in very few instances could it be said the schedule embraces homes that have the exterior work finished. In dozens of instances that have been moved into during the last week or two were not considered, as the object of the canvass was to obtain the pulse beat of the actual construction progress of the city.

Contractors in every part of the city declared that work is becoming more plentiful and more strong in their predictions. The Fresno will add homes at a surprising speed during the next few months. This is largely attributable to the easy money conditions, which have been greatly stimulated by the raisin crop. People with money on hand realize that as soon as the raisin growers receive full payment for their crop, there will be more money in Fresno county than ever before from a per farmer consideration.

Peach Organization Will Help.

Several realty men and contractors declared yesterday a peach growers protective association is all that is needed to make the San Joaquin valley a field of steady progress from month to month. "The raisin growers have money," said one contractor, "and the peach growers might as well be to be decided in. The peach growers starved long enough to be willing to organize." Some men never know when they are dead or not until their friends insist on putting them in a black box. That's what is wrong with the peach grower in many cases. If the raisin growers are helped up by the live growers and put into a growers' association similar to the Associated Raisin Company, Fresno will grow faster than it has ever grown. The present building record is not bad, but it might just as well be seventy-five per cent stranger on a monthly average.

Numerous cases are to be found in the city where men are shoveling back the "little shed" they first built on two or three lots and building bungalows costing from \$1,500 to \$3,000. This feature should be looked upon as a class of progress that speaks well for the thrift of the "small man in the community."

It is hard to figure out an average cost for the bungalows, but most of them will range between \$1,500 to \$4,000. In very few instances, the homes are being built without an eye to modern living methods. The sleeping porch is seldom overlooked. In some cases the homes are built with current windows so that a sleeping room may be turned into an open air bed-room in a moment's time.

Developing Small Tracts
On all sides of the city, addition companies are busy developing small tracts into attractive home centers. Some of these additions have the housing advantage of one of Fresno's unmatched school buildings. One noticeable feature of the newest addition is the wide streets. One section in particular boasts eighty-foot streets and generous alleys, in most cases there are to be found young, healthy, growing shade trees, awaiting the home builder. Where an addition is taken care of with wide streets, good cement sidewalks, and trees, the new home builder has little trouble in developing the surroundings he desires. Because of this, most of the real estate sales are being made in addition where cheap improvements will have no chance to invade.

Homes Under Construction
The listed homes now under construction are:

A two-story, ten-room residence is being constructed for I. M. Mendelsohn at Verde and Van Ness by Contractor P. A. C. Williams. The exterior of the building is of asbestos stucco, while the interior is of Oregon pine and hard wood finish. There is a

BULLARD ACRES SELLS NINE HOME TRACTS

New Store to Be Established On North Side By F. P. Snyder

Sales aggregating \$2,500 were made on Bullard Acres last week, according to a report made yesterday by Sales Manager Harrod. The sales consisted of nine 1-acre tracts, which will be improved in the near future.

F. P. Snyder purchased one acre on Van Ness boulevard for the purpose of building a store. He will open up as soon as the 20x40 foot building can be completed.

The Bullard Acres were not opened until last Sunday, when about one hundred people took advantage of a free excursion to the tract. Another excursion will be run this Sunday. Those making purchases are:

Mrs. C. Johnson, four 1-acre tracts, \$2,200, who will start building a home at once.
James A. McLaughlin, one acre, \$550, on Van Ness boulevard.
P. G. Humes, one acre, \$700, arranging to build a \$1,000 home this fall.

J. Garnett, one acre, \$700; plans have been accepted and ground has been broken for the foundation of their new home.

W. F. Jennings, \$500, who is now building a modern bungalow.

VENTURA VISTA TRACT IS TO BE IMPROVED

Five Homes to Be Built in Short Time By Shepherd-Cochrane

A contract for paving the Ventura Vista estate with cement sidewalks was let this week by Shepherd-Cochrane company. The work is to be done within the near future and will cost more than \$5,000.

Already plans for the erection of one house on the tract, to cost about \$4,500, have been completed by E. Matheson. Four other residences, to range in cost from \$4,000 to \$5,000, will be built on the tract during the near future. The homes are to be modern in every respect.

Cochrane reported yesterday that business during the week has been very good, especially on the Ventura Vista tract. The following lots were sold in this section alone: Two lots to Mrs. W. J. Ryan for \$1,200, two lots to W. C. Augustine for \$1,000, two lots to George B. Braswell for \$800, and three lots to A. E. Cochran for \$1,500.

The firm also negotiated the sale of a 40-acre farm, improved, to Thompson seedless and alfalfa, near Kern county, to William Stedding, for \$9,000. Another sale of 30 acres, improved to alfalfa, peaches and vines, near Clovis, was made to A. S. Jenney, for \$8,000.

FRESNO TO HAVE NEW MOVIE SHOW HOUSE

Kutner Announces Final Decision for I Street Structure

Fresno is to have a new motion picture theater, according to an announcement made last night by Alfred and Adolph Kutner. Instead of having all store rooms in the proposed building at 1046 I street, as was formerly planned, one division will be a movie show house.

The theater will be large enough to accommodate between 400 and 500 persons and will be fireproof. A brick wall will separate the store from the show room. The theater section will cost about \$4,000, while the three store rooms will be built at a cost of about \$11,000.

The front of the entire building will be strictly modern in design and workmanship. The stores will have plate glass windows, while the theater will have an attractive entrance, done along original and attractive lines. All of the building has been leased, with the exception of the movie show house, which will be commenced at once.

NINETY-FIVE ACRES IS SOLD TO COLONY PARTY

Inquiries for Fresno County Real Estate Show Increase

Sales of Bullard Lands irrigated for the month of October have amounted to \$45,550. A colony party from Kansas purchased 95 acres, which will all be planted to figs and olives in the spring. Two new homes are nearing completion in the colony and others will be begun in the near future.

J. M. Rutherford of Orosi has purchased twelve and one-half acres, which he will plant to California figs in the spring. B. A. Freer of Dinuba has also bought twelve and one-half acres to be planted to the same kind of figs.

The office management of the company report that inquiries for Fresno lands has increased fully 100 per cent within the last thirty days. Most of the inquiries are from the Middle West territory.

REALTY MEN PLANNING TO ATTEND CONVENTION

State Federation to Convene at San Francisco Next Week

Several local realty dealers are planning to attend the California State Realty Federation annual convention to be held in San Francisco on October 22 and 23. W. G. Cochran of the Shepherd-Cochrane Company is first vice-president and will be on hand. George G. Wren of Modesto is president of the federation. A lively meeting is anticipated by the Fresno men.

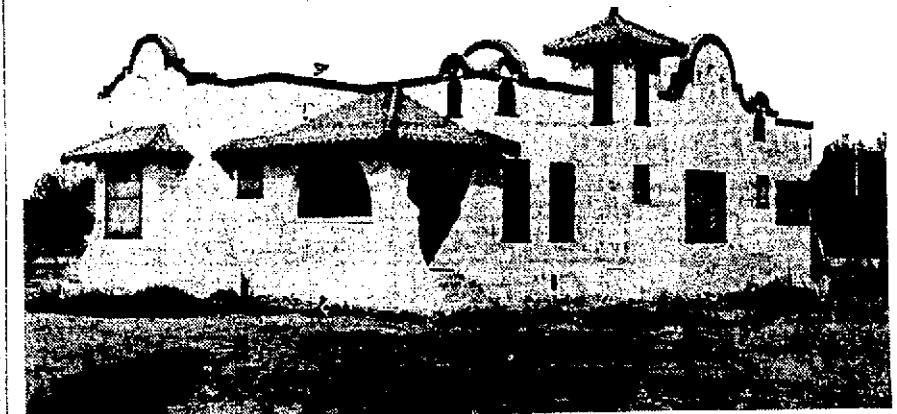

NEW CRUISERS TO BE FASTEST EVER BUILT

Speed Will Be Greater Than That of Present Day Liners

WASHINGTON, Oct. 22.—The 10 scout cruisers contemplated in the five-year building program to be recommended to Congress will be the swiftest vessels of this class ever built. If tentative plans now under consideration by the general board are approved, they will be of greater displacement than the cruisers Salem, Chester and Birmingham, the only craft of the kind now in service but will have a sustained speed of 30 knots or more an hour and a maximum speed probably in excess of 35 knots at which the giant battle cruisers to be built will be able to travel in an emergency.

The navy now has many destroyers which can make 30 knots in a calm sea, and many more will be added within the five-year period. They use so low in the water and so light in weight, however, that they cannot maintain this speed in rough weather or for any considerable distance. The new scouts will be big enough and carry enough fuel oil to cross the Atlantic at a swifter pace than the fastest present day liners, keeping up the race in all but heavy storms.

New Home of Spanish Design

Residence of David Wells in Hazelwood

A six room residence that has a strong tendency toward the Spanish architecture has just been completed for David Wells at 2119 El Monte Way in the Hazelwood tract. The cost of construction is placed at \$4,500.

The exterior is of concrete stucco with tile roof decorations. The porches are

really included safely within the regular wall lines of the building proper. Perhaps the most attractive feature of the building is the gravity ventilating system. By means of a series of buttons, opening certain valve windows, the coolness of the building may be gauged to suit the wishes of the owner.

All modern conveniences are included in the structure. The various rooms are decorated along plain but pleasing lines. The floors are of hard wood.

This is one of the newest homes in Hazelwood, which was an alfalfa field only a few months ago. At the present there are twenty-two residences on the

section of the city at a cost of \$7,000. The building will be two stories, with a brick foundation. A combination of brick and shingle materials will be used for the exterior, while the interior will be of special finish woods. There will be nine rooms, a bathroom in the basement and all modern conveniences uniquely arranged. The contract is in the hands of Frank Itzhorn.

O. N. Lathers is building a new house at 3219 Illinois avenue for \$2,000. He is also remodeling a house next door at a cost of about \$1,500.

E. G. Powell will soon complete a new cottage at 3214 Iowa avenue at a cost of \$1,500.

A. C. Clark is building a five-room cottage at 2921 Thomas avenue for \$1,200.

C. M. Gutley is building a four-room cottage on Harvard street, near Ashby avenue at a cost of \$1,050.

D. Deming is about to complete a six-room bungalow at 1850 Lewis avenue at a cost of \$1,350.

Richard Hill is constructing a bungalow for E. P. Meyers at 1234 Lewis avenue at a cost of \$2,000. The building has a brick foundation and six rooms.

John Stewart is building a new home at 1803 Lewis avenue for \$1,500.

D. Thomas will move into a new home at Blackstone and McKenzie during the next three weeks. The house has a brick foundation, six rooms and will cost \$2,500. All desirable conveniences are provided for.

Canon and Doud are building a five-room bungalow at 1735 Clay street at an approximate cost of \$1,600.

If Leonard will soon complete a new home at 2018 Webster avenue for \$2,000. A basement, eight rooms and regular conveniences are provided.

D. A. Hungen is building a new home at 30 Deon Way at a cost of \$1,200.

A. J. Sowles will soon complete a new home at 1350 Glenn avenue at a cost of about \$1,500.

Pete Sutterlin is to have a new real-

estate at 1462 Glenn avenue at a cost of \$1,500 in the near future.

Dr. Howard S. Duff is having the finishing touches added to his residence at 604 Coast avenue by Contractor S. L. Allen. The home has ten rooms and is cement stucco in exterior finish. The estimated cost is \$5,500.

L. D. Alvey will soon move into his new home at 1121 West street. It has five rooms and will cost \$1,800.

Reese and Atkin are building a bungalow at 1434 West street. The cost will probably be \$1,500.

W. J. Williams is to have a new home at 602 Roosevelt avenue at a cost of \$1,500.

C. J. Turner is having a \$3,000 bungalow built at Central and Denett. There will be seven rooms and a two-story sleeping porch on the aeroplane order of construction.

The Blackstone Building Company is about to complete a six-room bungalow at 1642 McKinley avenue at a cost of \$2,050. All modern conveniences are included in the construction plans. H. C. Blackstone is the contractor.

Philip Harmon is to have a new home at the corner of Harrison and Denett at a cost of \$2,700. There will be seven rooms, inclusive of an aeroplane sleeping porch. Chris Lehman is the contractor.

Fred Schrieber is building a bungalow for R. Cook at 755 Harrison avenue. There will be five rooms and the building will cost about \$1,800.

W. T. Harris is to have a new residence at 824 Perry street. There will be five rooms and a sleeping porch. The cost is placed at \$2,000.

M. Shapovalov is to have a new home at Ventura and N at a cost of \$4,000. The building will be bungalow in type and will have seven rooms. Daniel Housheer is the contractor.

Mrs. L. Abbott is having a house built at 233 Mary street for about \$900.

The Fresno Home Builders are about to complete a new attractive type bungalow at the corner of Elm and Van Ness at a cost of \$2,700. There will be six rooms and all modern conveniences are included. A. D. Watkins is the contractor.

On the Alta Vista tract are four very attractive bungalows under construction. The estimated cost is placed at about \$10,000 for the four. No expense is being spared to make them convenient and home like.

Mrs. Catherine Caldwell Riggs has just completed a bungalow under construction on Yosemite avenue, between Belmont and Franklin, while Christian Kampelsen has a fine two-story home well under way on Yosemite, between Franklin and Mildreda, at a cost of \$4,000.

LAGUNA LANDS SALES ARE STRONG FOR WEEK

A total of 170 Acres of Island Farms Are Disposed of

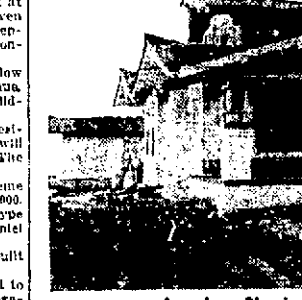

"Island" land has been in demand the past week and sales made by Blanchard & Sons, sales agents for the Laguna Lands, Ltd., show that from October 15 to 22 the sales aggregated 160.45 acres. These sales were of lands which are lying on the island, seven and one-half miles northwest of Lemoore, with the exception of ten acres. The purchasers of these lands and the acreage purchased are: James Jones, 20 acres; D. P. Cahill, 23.60 acres; Mrs. Charles Martin, 23.95 acres; H. S. Breitkamp, 20 acres; Thomas J. Forney, 20 acres; H. Greenwood, 20 acres; D. A. Vanderpool, 10 acres; Allen & Jones, 32.90 acres. A total of 160.45 acres.

Ten acres of the above, which was purchased by Vanderpool, lies five miles west of Lemoore.

The Summit Lake Investment Company also disposed of 75.22 acres of land during the past week. Of this, 35.61 acres were purchased by S. B. Hubbard, being part of lots 10 and 11 in section 25, 14-19; the other 39.61 acres being sold to R. B. Hubbard part of lots 10 and 11 in the same section, township and range.

APPLES FOR PRESIDENT
LEAVENWORTH, Kan., Oct. 22.—A barrel of Leavenworth County apples was shipped to President Wilson today as a wedding present from the people of this county. The gift consisted of 300 flawless winesaps.

NEW STYLE BUNGALOW

Aeroplane Sleeping Porch Wins Favor

One of the most attractive homes of a distinctive design is that of J. G. Porter, which the family moved into last week. The house is a bungalow built during the past few months, and doubtless will keep its record up for the coming year.

The new building is of two stories, with broad, generous windows which make the upper story ideal for sleeping rooms. The exterior is of concrete stucco, adding a quiet harmony to the pleasing lines of architecture adopted throughout the building. A sleeping porch large enough for family use is artistically included within

the building lines, so that it does not detract from the remainder of the structure.

The interior of the house is handsomely designed along lines that are in keeping with the exterior appearance. All modern conveniences are quietly in evidence. There are eight rooms which are not stinted for their space.

The cost of the building is estimated at about \$2,500.

A garage that matches the architectural design of the house has been completed. The grounds are rapidly being developed into a garden-like appearance that gives the home an air of pleasing environment.

NEW HOME COMPLETED

J. G. Porter Moves into New Residence

A six room bungalow of the aeroplane type has just been completed for J. G. Porter on Denett Way, near Wilson avenue. Although the structure is not very large, it gives one the impression of completeness. All the lines of architecture are in keeping with the latest standard of the \$4,000 bungalow type being built in the Normal district.

The second story is supplied with casement windows, making it at once a flying room and a sleeping porch. This feature is also often referred to as a sun porch, much praised in southern California, where sunshine is one of the

principal pleasure features of every piece of property.

The foundation and stone decorative features are concrete stucco, giving the house the appearance of "hanging light to the ground," which seems to be a fact in Fresno at the present time.

No modern convenience attraction has been overlooked in the structure and all of the rooms are finished in a distinctive style of decoration.

In keeping with the exterior finish of the home occupies a site in the rear. A concrete driveway from the front is being built.

The building is of two stories, with broad, generous windows which make the upper story ideal for sleeping rooms. The exterior is of concrete stucco, adding a quiet harmony to the pleasing lines of architecture adopted throughout the building. A sleeping porch large enough for family use is artistically included within

Men of All Parties Unite for State Non-Partisanship

Men of all parties who have been prominent in the movement in California during the last five years against the old-time machine conditions are united for support of the state non-partisan measures.

In the south, former Lieutenant Governor Wallace, Progressive, and Timothy Spalding, who was the Democratic candidate against Wallace in 1910, are working shoulder to shoulder for the ratification of the measures. In the north, Dr. V. Snyder, Democrat, and John M. Goldeman, Progressive, who were rival candidates for lieutenant governor in 1910, are uniting in the interests of the bills.

At San Francisco, Horace Davis, lifelong Republican, is president of the State Non-Partisan League which is working for ratification of the measure.

While Dr. E. R. Taylor, former mayor of the city, Democrat, who is always opposed to the measures, is vice-president. When Governor Johnson spoke on the non-partisan bills in San Francisco last week, Dr. Taylor presided. He was introduced by Mr. Davis.

Following are statements from some of the prominent Republicans and Democrats who are urging the ratification of the non-partisan measures:

For Clean Politics.
Hon. Horace Davis, Republican: "For twenty years in this state I have been laboring for clean politics and to down the machine. To that end I have always advocated the non-partisan system of state government, which is provided in the state non-partisan bills. This movement for state non-partisanship is not of any party, but of all parties. I have been a Republican during the last five years, but I stand shoulder to shoulder with Democrats and Progressives for non-partisanship in state affairs, that we may have clean politics and freedom from machine rule."

For Clean Politics.
Hon. William Kent, Independent: "Congressman First California Congressional district. There was never a better definition of dirt than this: 'dirt is matter out of place'; so national politics injected into state and city politics is 'matter out of place.'"

"I am a plain citizen, trying to look at all things in a sane way. I have made my first fight for non-partisanship in Illinois, and I have been working for it ever since. Legislators should be elected on definite lines of state policies. Those things which affect the internal government, the welfare of the state should have no connection

with national issues, and in like manner city affairs should be connected only with reference to municipal policy. The same holds true of the state. Only through non-partisan elections can we receive real majorities. I am heartily in favor of the state non-partisan bills."

Judge Sullivan for the Bills.
Hon. Matt J. Sullivan, Democrat, former Chief Justice of the Supreme Court: "I am heartily in sympathy with the plan to make the election of state officials non-partisan. Wherever this plan has been employed in municipal and county offices it has been successful. There is no more reason why a state official should be elected as a partisan than a municipal or county official. Not only am I in favor of the bills because of the principle involved, but for the added reason that their defeat would lead to serious confusion in our election laws."

Differences in Issues.
Dr. E. R. Taylor, Democrat, former Mayor of San Francisco: "I support Governor Johnson at the last election because he had kept faith with the people, because he is a man of whom we are proud. What had the right to do with that, or with the trust, or any other great national issue?"

"Why are we partisan in national affairs and non-partisan in state affairs? Because our government makes it that way. Ours is a federation of states. The United States government has only to do with conditions which affect the whole, but state governments deal with local conditions only. These conditions differ in the several states. They cannot be dealt with successfully on the basis of national issues. For this reason I am for the state non-partisanship bills."

James H. Barry, Democrat, publisher of the San Francisco "Star," naval officer of the Port of San Francisco: "I have been in the state for non-partisanship in state affairs from the beginning of the contest waged for the Australian ballot when Judge James G. McGuire began the fight for it back in 1891. I have been for state non-partisanship through all the years that have followed. The only ones who are opposing this sensible way of selecting state and other local officials are those who are wedded to the old ideas and old machine politics. The people of California have demonstrated that they are for non-partisanship in state affairs. At the last election Democrats, Republicans and Progressives

united for the election of Hiram W. Johnson for governor. The Democratic candidate received the vote of the state. The people of California are for non-partisanship in state affairs. They showed it by their votes last November. And on October 26th next they will show it by their votes again when they overwhelmingly ratify the state non-partisanship bills."

Efficiency Before Party Label.
Thomas F. Griffin of Modesto, candidate last year for Democratic nomination for United States Senator: "State officers should be elected because of their efficiency and character rather than because of party label. The true test of state non-partisanship will permit of one-man rule is wholly idle. We have in our state a thorough scheme of correctives for insubordination and government. The man who attempts to override the will of the majority can be nullified at any time. Non-partisanship in our cities and counties, in our schools and judiciary, has proved a pronounced success and experience thus gained justifies its extension to all state offices. The non-partisan laws recognize equality in California, the national political parties, being the first time that such parties have had a legal certificate of character. Parties will be on a more substantial basis than ever."

The Wish of the People.
Superior Judge Henry C. Gesford of Napa: "It has been a long time since all my life. For many years I have realized the wisdom of making party politics into the business affairs of our counties and of our state. Although a pronounced Democrat, I have for twenty years held office in a heavily Republican county. The last election proved most emphatically that the people are done with partisanship so far as the state is concerned, and I regard the pending measures as merely responsive to the prevailing sentiment of the people, and in fact, to a mandate which they gave in November last."

Movement Forward.
Associate Justice E. C. Hart for the Third appellate district, who has been a leading Republican for a generation: "I have given the non-partisan measures very thorough study and am convinced that their adoption by the people will be a mile stone in the political advance of California. They are sound in principle and the abundant experience we have had with non-partisanship in cities and counties justifies them most emphatically as to the results accomplished. As I said at Governor Johnson's meeting in this city, at which I had the honor of presiding, I have a very strong faith in these measures."

Should Be Chosen for Merit.
Dr. V. Snyder, of Fresno, Democrat, Democratic candidate last year for lieutenant governor: "I believe that men should be chosen for the state service on merit. I don't believe in hoisting men into office with a party derelict. The people certainly will not get the best results by such a method. National politics have nothing to do with state affairs, no more than they have to do with city and county affairs. Under the old system only men in the majority party were called to the service of the state. Under non-

Dr. V. Snyder, of Fresno, Democrat, Democratic candidate last year for lieutenant governor: "I believe that men should be chosen for the state service on merit. I don't believe in hoisting men into office with a party derelict. The people certainly will not get the best results by such a method. National politics have nothing to do with state affairs, no more than they have to do with city and county affairs. Under the old system only men in the majority party were called to the service of the state. Under non-

partisanship the people can draw from all parties."

Better for the State.
Associate Justice Albert G. Burnett of Third appellate district: "There is no reason whatever for political alignment in state affairs along national lines. It will be much better for our state and for national politics to separate them. State non-partisanship is absolutely correct in theory and it has proved a successful step forward in the elimination of party politics from municipal and county affairs."

Paul Scharenberg, secretary State Federation of Labor: "Partisanship in California labor legislation has long ceased to be a factor in securing laws. Labor in California has had loyal friends and staunch supporters in all parties."

"And it is of the deepest significance that labor's most uncompromising enemies in all parties are the principal opponents of the non-partisan law, the notorious reactionaries as ex-Governor Gillett, State Senator Curtin and men of similar type are stamping the state to uphold political parties which made possible their elevation to public office and which alone enabled them to pose as 'standpat' statesmen."

CHINESE GOES TO LOS ANGELES JAIL
G. Otto White, a deputy United States marshal, who has been in attendance at the sessions of the Federal court here, left last night for Los Angeles. He took Eric Gway, a Chinese, with him. The Chinese was arrested at the Madras Sugar Pine County mill by Deputy United States Marshal Shannon. Gway will be deported, as he has not proper entrance papers to the United States. He has been transferred as a prisoner to the Los Angeles district.

PAINTING, IMITATION; HUNTINGTON SUES
Asks for Recovery of \$100,000 Paid for Art Work

NEW YORK, Oct. 22. — Art circles here are stirred over a suit for \$100,000 brought by Henry Huntington of this city in the English courts to recover the purchase price of a painting bought from an English firm of art dealers on the ground that it is not a genuine Rembrandt. The painting is a portrait of Mrs. Siddons and her sister, Miss Fannie Kemble, the English actress.

Four Simmons of the firm of Lewis & Simmons, from whom Mr. Huntington bought the painting, said today that it was guaranteed by him firm to be a real Rembrandt and that after it had been shown in the Metropolitan Club here Mr. Huntington sent it to his home at San Gabriel, Cal. Subse-

BIG MILITARY BALL FORMALLY OPENS NEW ARMORY

About 800 Are Guests of
National Guard Com-
panies C and K

Citizens Dance in Drill
Hall and Inspect New
Quarters

Members of companies C and K, Second Infantry of the National Guard of California, with representatives of civic organizations and citizens of Fresno, last night in a grand military ball celebrated the opening of the new quarters at 328 E. Street. There were dancing from 9 to 12 o'clock. Mayor and Mrs. Alva E. Snow led the grand march that initiated the evening of dancing for the 800 persons in attendance.

The reception committee, composed of officers of the two militia companies, welcomed the guests. The national guard band, composed of musicians from the two companies, furnished music for the dancers. In the big drill room, gallantly decorated with flags, the company privates and officers in uniform, boosters in their white serge suits and citizens in evening dress enjoyed themselves.

The new armory quarters, formerly furnished, were inspected by the guests of the company men last night. A detail of non-commissioned officers directed the visitors about the new quarters and showed them the new equipment, explained the aim and scope of the national guardmen, explained the text books, and attempted to give the visitors an educational view of the militia work.

General C. W. Thomas, Brigadier General Robert Wankowski and Colonel Lon Bond were unable to be present. The guests of honor at the function last night were Mayor A. E. Snow, W. W. Phillips, president of the Chamber of Commerce; O. J. Woodward, president of the Fresno clearing house; George S. Waterman, president of the Commercial Club, and Frank Hornum, president of the Merchants' Association.

Officers of the two companies acted as the reception committee. They were: Major Will Kelly, Captain C. H. Fowler, Captain J. J. Phillips, Lieut. E. C. Neal, Lieut. L. H. Dennis, Lieut. E. E. Tabor, Lieut. L. T. Stephenson, Lieut. S. L. Gallacher, Lieut. L. L. Smith, Major G. M. Bales, retired; Major Ed Jones, retired.

Officers of the companies estimated the military ball will increase the fund being assembled for furnishing the armory quarters about \$700. The men hope that with the contributions made by the various civic organizations and with the fund made from the military aviation meet, which will be held here Thanksgiving day, to have plenty to be able to fully furnish their new quarters.

WANTED IN JAN JOSE
J. H. Tucker was arrested by the police, yesterday on a warrant from San Jose. Tucker is alleged to have taken a motorcycle from San Jose, which had not been fully paid for. Captain of Detectives Fane and Detective Traux made the arrest.

Appreciative Crowd Hears Clarence Eddy in Recital

Fresno to the fore in standing for things worth while. Last night was the occasion of the initial concert to be given by the Philharmonic Society for this, its second season of existence, and an audience of over seven hundred members greeted Clarence Eddy, the eminent pianist, who played a program of about a dozen numbers at the First M. E. church.

California boasts another member to its artistic contingent. Mr. Eddy has responded to the call of the west, and he now has appended to his name, the phrase, "of San Francisco." Instead of Chicago, as heretofore.

With consideration of the organ's capacity, the program was well chosen and without hesitation the palm of favor should be awarded to two numbers, Franz Schubert's "By the Sea."

**YOUNGER BOYS PLAN
MEMBERSHIP CAMPAIGN**

One Hundred Y. M. C. A. Workers Meet at Dinner

About 100 of the younger boys of the Fresno Y. M. C. A. at a dinner last night launched a campaign for new members. Listened to talks by officers of the association and received announcement of the prizes that will be given winners. Another and bigger rally will be held next Tuesday night.

Talks made by W. D. Eastman, C. H. Toose and Fred Olson, L. T. Lewis announced the lineup of this campaign. Ten will be engaged in the campaign to add new names to the membership list. There are four organizations from the juniors, four from the prep classes, one from the intermediate and one from the employed boys' classes.

All the captains spoke last night. The first prize in the contest will be a \$25 bicycle, second prize a trip to the summer camp, third prize a gym sweater. To the boys who bring in two members a Y. M. C. A. cap will be given and those getting one member will be given a pin. Kenneth Wakefield acted as toastmaster at the dinner last night.

**PLAN TO INTEREST
KANSAS IN FRESNO**

Carnine and Saunders
Send Agent to Sun-
flower State

With the purpose of inducing farmers of Hillsboro, Kansas, to come to Fresno county, Carnine & Saunders Company have sent Julius Siemens, a salesman, into that territory as a colonization agent.

Siemens has with him lantern slides and a large amount of illustrated booklet with which he hopes to interest the Kansans in settling here. He will remain between six weeks and two months.

Several weeks ago an excursion of farmers from Hillsboro were the guests of the Carnine & Saunders Company here.

SAYS BRICK WORK LOOSE IN NEW SCHOOL

Steps On Webster Are
Dangerous Says
H. Wilber

Coates Says Repairs Be-
ing Made; Board
to Investigate

Brick on the front steps and corners of the newly constructed Webster school are loose, according to Harry C. Wilber, newly appointed member on the Board of Education in a meeting last night.

Wilber declared, "Children are pulling the loose bricks up with their bare hands, and children are apt at any time to fall and break their necks."

William D. Coates, supervising architect, pointed out that Wilber had painted the situation rather highly, that cognizance had been taken of the brick work, that the steps had been torn out twice and replaced and that the contractors were now rearranging to make alterations which are often necessary in building work.

Wilber visited the Longfellow, Washington and Webster schools. He had criticisms to offer about all the schools regarding the durability of the hand railings on stairways, the arrival of hardware for the buildings and the electric clock system.

A reply was made by Coates that the clock system had been put in operation during the day, that the hardware was being rapidly care for and that one contractor had submitted a \$2,000 bond to insure the completion of detail work.

He suggested that the entire board make an investigation of the conditions with himself. It was decided that an inspection of the Webster school should be made on Tuesday with Coates and James L. Dally the contractor accompanying them.

Regarding the brick work on the corners of the building Dally said last night that for brick so properly set, seven days are required for the initial set, twenty-one days for a hard set and about one hundred days for a final set.

"An early use of the steps has killed the adhesive power before the final set, and the corner bricks form a veneering, which protruding often brings complications," he said.

Superintendent C. C. Starr announced in the meeting that the evening school in the elementary grades and for foreigners will open on Monday. S. F. Springer was named as the new principal for the Hawthorne school. Miss F. Phipps will have charge of the new night school to be placed in operation at the Edison school.

W. A. Conn, recently appointed by Mayor A. E. Snow to succeed H. Humphreys, was seated on the board last night for the first time. He was appointed by President A. E. Sunderland to the chairmanship of the grounds committee.

Secretary Julius B. Fontaine was instructed by the board to advertise for bids for the annual Labor News at Union Hall at 10 o'clock Sunday morning, October 31, according to plans made at the meeting of the Fresno Labor Council last night. At this meeting consideration of plans for bettering and strengthening the Labor News will be discussed, and an attempt will be made to get the various unions in closer touch with the labor publication.

Officers of the Fresno Labor Council and executive officers of all the unions affiliated with it met with Editor H. K. Carmine of the Labor News at Union Hall at 10 o'clock Sunday morning, October 31, according to plans made at the meeting of the Fresno Labor Council last night.

At this meeting consideration of plans for bettering and strengthening the Labor News will be discussed, and an attempt will be made to get the various unions in closer touch with the labor publication.

Officers of the Labor Council, President G. M. DeVore, Vice President H. A. Breunig and Secretary G. W. Boswell were last night named as part of the board in control of the management of the Labor News. The publication of the paper is now in control of the trustees and officers of the council.

President G. M. DeVore last night named a new organizing committee, P. K. Carmine, Daniel Daggett, Joseph Bullard, Barney Williams and W. B. Brooks were made members. The Union of H. K. Carmine Drivers was admitted to membership in the council.

SHANNON DRAWS BIG CROWD TO MEETING

"Hard Nuts for Skeptics
to Crack" Subject of
Address Last Night

Evangelist Dan Shannon drew a crowd of 2,500 people to his tent meeting last night, when he spoke on "Hard Nuts for Skeptics to Crack." He said in part, "Some people will not believe in anything they cannot see. Did you ever see the wind? You cannot see the power of the magnet, but it is there. The cross of Christ is a magnet. Because I don't know anything of the medical science, it is not a sign that there is nothing in it. There are many counterfeit Christians in Fresno, but an infidel is not worth considering."

"Someone has said that they were going to run down of town. I want it to be known I will be here at the running. I have tried to draw the Republican into a scrap, but they have shut up like a clam. I like a good scrap."

**CHURCH TO TALK
AT CLUB JINKS**

Congressman Denver S. Church will be the principal speaker and the Hawaiian singers from the Orpheum, and the glee club will entertain at the installation jinks to be held by the University club this evening. A great number of additional features are planned. About 100 are expected to attend.

**SMALL FIRE IN
C. OF C. BUILDING**

A small fire in a basement stairway of the Chamber of Commerce building was discovered by Patrolman Truesdell last night at 11:35. He had partially extinguished the blaze with a can of fire water when the department arrived and finished the work with hand chemicals. The loss is estimated at \$25. The cause of the fire is unknown.

WOMAN CITED FOR BATTERY

Mrs. Grace Hedson was cited to appear in police court today on a warrant charging battery on the person of Mrs. Clara Adams. Both women live at 444 J street, and it is understood that the arrest followed a dispute yesterday.

W. A. CONN.
New School Trustee, Who Took Position
Last Night.

Brick on the front steps and corners of the newly constructed Webster school are loose, according to Harry C. Wilber, newly appointed member on the Board of Education in a meeting last night.

Wilber declared, "Children are pulling the loose bricks up with their bare hands, and children are apt at any time to fall and break their necks."

William D. Coates, supervising architect, pointed out that Wilber had painted the situation rather highly, that cognizance had been taken of the brick work, that the steps had been torn out twice and replaced and that the contractors were now rearranging to make alterations which are often necessary in building work.

Wilber visited the Longfellow, Washington and Webster schools. He had criticisms to offer about all the schools regarding the durability of the hand railings on stairways, the arrival of hardware for the buildings and the electric clock system.

A reply was made by Coates that the clock system had been put in operation during the day, that the hardware was being rapidly care for and that one contractor had submitted a \$2,000 bond to insure the completion of detail work.

He suggested that the entire board make an investigation of the conditions with himself. It was decided that an inspection of the Webster school should be made on Tuesday with Coates and James L. Dally the contractor accompanying them.

Regarding the brick work on the corners of the building Dally said last night that for brick so properly set, seven days are required for the initial set, twenty-one days for a hard set and about one hundred days for a final set.

"An early use of the steps has killed the adhesive power before the final set, and the corner bricks form a veneering, which protruding often brings complications," he said.

Superintendent C. C. Starr announced in the meeting that the evening school in the elementary grades and for foreigners will open on Monday. S. F. Springer was named as the new principal for the Hawthorne school. Miss F. Phipps will have charge of the new night school to be placed in operation at the Edison school.

CLERKS CANNOT DISBAND UNION

Boswell States That Or-
ganization Will Be
Held Together

"The Retail Clerks' Association has no idea of sending back its charter to the Central Labor Council and could not do so if it so desired."

Such was the statement made by George W. Boswell, secretary of the Central Labor Council, and also the clerks' association, last night.

The fact that the eight hour day law for women has been secured does not call for the disbanding of the union, he said, he stated further that the Central Labor Council would not allow the organization to become defunct. A new ruling from the international association has made it imperative for all clerks to attend at least one meeting a month.

**PROGRAM ARRANGED
FOR "FARMERS
SPECIAL"**

Automobile Tours and
Banquet Features of
Entertainment

Motion Picture to Be
Taken; Chester H.
Rowell to Give Address

The following program has been arranged for the reception of members of the "Farmers' Special" which will arrive here Tuesday:

Arrival at Santa Fe depot at 2 o'clock in the afternoon.
Automobile parade, ending in trip to Guggenheim packing house.
Visit Kearney Park.
Motion pictures of members and return to train.
Reception to Y. M. C. A. and Y. W. C. A.

Guests of Kinema at 8 o'clock.
Wednesday
8:30. Auto tour with lunch at noon at headquarters.
6:00. Return to Fresno.
8:00. Guests of Commercial Club Boosters at convention hall.

Program by thirty-piece band, donated by Musicians' Union.
Solos and quartet numbers.
Address by Chester H. Rowell.
Motion pictures of members taken on Tuesday and will be shown on a screen.

VISALIA, Oct. 22.—All preparations have been completed for a visit on Monday afternoon of the 147 farmers, their wives and families from the middle Western and Eastern states. The Visalia Board of Trade, working in cooperation with the Tulare County Chamber of Commerce, has arranged an automobile ride from Tulare, where the farmers will leave their special train. They will go to Exeter, Merryman and Visalia. Arriving at Visalia at about 6 o'clock, the visitors will be treated to a banquet prepared by the Women's Woodcraft, United Circle, to which the general Visalia public will be asked to attend. An evening program of entertainment which may include an open air street dance or a theater party is being planned. The entire program will be made known today or tomorrow.

From Visalia the easterners go to Corcoran, leaving Visalia late at night. From Corcoran they swing over to Hanford, and thence make their way to Fresno, arriving in Fresno at 2 o'clock Tuesday.

Visit to Merced
MERCED, Oct. 22.—An interesting detail of the sightseeing excursion of the farmer exurbanists who will arrive here on the Santa Fe special train next Thursday will be the visit to the cannery of the Sunlit Fruit Company at Atwater. A special demonstration of sweet potato canning will be made that day for the visitors' benefit. They will be shown every process from the washing the raw potatoes to the canning and sealing of the finished marketable product, which will then be served to the visitors as an item on the luncheon menu which is in the hands of the Atwater Board of Trade.

**"HOT DOG" PICNIC
HELD AT ROEDING**

A "wienerwurst picnic" was held last night at Roeding Park, which was enjoyed by H. G. Quikley, superintendent of the public playgrounds, all of the supervisors, the members of the normal school class taking the playground course, and their friends. Besides the "hot dogs," apple cider, doughnuts and other good things to eat and drink were served. After the "feast," all took part in the games which were held. The picnic last night is one of a number of good times that is planned for the playground supervisors.

**WILL MAKE PLANS
FOR LABOR NEWS**

Labor Council Officers
Will Meet With Union
Representatives

Officers of the Fresno Labor Council and executive officers of all the unions affiliated with it met with Editor H. K. Carmine of the Labor News at Union Hall at 10 o'clock Sunday morning, October 31, according to plans made at the meeting of the Fresno Labor Council last night.

At this meeting consideration of plans for bettering and strengthening the Labor News will be discussed, and an attempt will be made to get the various unions in closer touch with the labor publication.

PEOPLE EAGER TO HEAR DEBATE ON NON-PARTISAN AMENDMENT

It Will Be Held in Fresno Auditorium Tonight—
Admission Is Free—No Seats Reserved—
Crowds Coming From Valley Points

From all points in the San Joaquin valley yesterday came requests for tickets to the great debate on the non-partisan amendment to be held in the Fresno Auditorium tonight. These requests came from Visalia, from Tulare, from Clovis and from many other cities and towns. Never has there been more interest manifested in a discussion than in this one, which is to take place tonight.

The speakers who are to participate, Chester H. Rowell, Frank H. Short and Henry Harrison, in the debate, are among the best known public speakers in the state, and the fact that the demand for tickets has been so great is evidence that the great auditorium will be filled to overflowing. It should be understood that there are to be no reserved seats, that the admission is free and that all will be welcome.

The debate is under the auspices of the Dr. Chester Rowell Memorial League. The intention was to hold it in the First Auditorium, but it was found that it was not large enough to hold the people who desired to attend, hence the change to the auditorium.

Long List Vice Presidents
J. E. Dickinson, president of the Dr. Chester Rowell Memorial League, will preside and the following well known citizens will be vice presidents of the meeting: W. F. Chandler, W. A. Sutherland, M. K. Harris, W. M. Giffen, John W. Short, W. Y. Phillips, Alva E. Snow, Chase S. Osborn, Jr., Harris, Sig. Wornser, J. H. Fairweather, W. W. Muller, Judge J. Z. Austin, Judge and Mrs. George E. Church, E. E. Mannheim, O. J. Woodward, H. C. Wilber, W. O. Miles, C. C. Starr, Geo. S. Waterman, O. L. Everts, Truman G. Hart, George A. Osborn, William Glass, H. H. Welsh, G. R. Cummings, A. G. Wislizenus, John C. Moore, Russell Ehler, Mr. and Mrs. W. A. Fitzgerald, Judge George B. Graham, E. W. Prescott, D. S. Ewing, Lesley Einstein.

UNEMPLOYED READY TO COOPERATE WITH CITY

Score of Men Declare
Willingness to Assist
On Building

Following the decision of the Fresno city council to erect a stone building on the city property at Tulare and Mayor streets as a shelter for homeless men during the winter, Thomas Clayton, secretary of the Municipal Employment Bureau, interviewed a score of the unemployed yesterday and found that all gave assurances of doing their part in erecting the building.

The sentiment of the men questioned is expressed in the words of one of the men: "Certainly we will do our part in building the structure. We have no right to expect aid unless we assist our benefactors in every possible manner."

Plans are being formulated to have the men work on the basis of \$2 per day, payable in meals and lodging. By having each man work three half days a week, it is pointed out that a certain degree of independence can be gained.

PETERS MUST ANSWER FOR MANSLAUGHTER

Edward Peters was charged with manslaughter yesterday by District Attorney McCormick for the killing of Miss Carrie Breakenridge on the morning of October 10.

VIOLETORS LOCAL OPTION LAW FINED

Ah Wong and Mrs. Sue Sing Lung, who were charged with violating the local option law in Fowler and who entered a plea of not guilty before Judge Church in the Superior Court, yesterday withdrew this plea and entered a plea of guilty.

FOUR MEN ANSWER FOR RAISIN THEFT

Four men, B. Semont, M. Semont, Jim Ciano and Nicola Nani Jellie, were charged by District Attorney McCormick yesterday with grand larceny in the stealing of three tons of Thompson Seedless raisins and sweet boxes from A. P. Brooks, the value of the property taken amounting to \$250.

CREON CHARGE IS MISDEMEANOR

Information was filed yesterday by District Attorney McCormick against George A. Creon, charging him with a misdemeanor. The offense charged against Creon is that he struck a 3-year-old child, the son of A. S. Kenney, while driving an automobile in an alley between O and P streets. Creon is a salesman living at 1350 O street.

GARCIA MURDER TRIAL SET
Mike Garcia, who is charged with the murder of a Mexican at Firebaugh, was arraigned yesterday before Judge Church in the Superior Court. He pleaded not guilty and the case was set for trial November 30.

Eyestrain, like any other strain, tells on a man. The relation between the eyes and other parts of the body is so intimate that when the eyes go wrong the body follows. Glasses, relieving the eyestrain, will put one right again.

FRESNO DEBATERS TO ENTER STATE CONTESTS

Helen Deto and C. Green
Give Entertaining
Dramatic Skit

The Associated Students of the Fresno high school voted yesterday to join the Interscholastic Debating League of California. This is the first attempt made by the local high school to enter the state field with a debating team.

The schedule will open next Saturday with a debate on the question, "Resolved, That the United States Government Should Own and Operate the Telephone and Telegraph Lines." Fresno will enter two teams for the opening contests, one against Hanford at Fresno and a second against Laton at Laton.

RAILROAD URGED TO USE MORE PRECAUTION

The coroner's jury, inquiring into the cause of death of Jack Doss, 4-year-old son of Mr. and Mrs. Andrew Doss, of 145 Railroad avenue, killed by a Southern Pacific switch engine Thursday, returned a verdict yesterday that he died from injuries received in the railroad accident and recommending that railroads use more precaution as to the safety of the general public.

MOTOR CARS HIT RIG ON HIGHWAY

Caught between two automobiles traveling in opposite directions, J. A. Johansen, a rancher living near Fowler, had his buggy crushed between the two machines and was painfully injured.

FOUR MEN ANSWER FOR RAISIN THEFT

Four men, B. Semont, M. Semont, Jim Ciano and Nicola Nani Jellie, were charged by District Attorney McCormick yesterday with grand larceny in the stealing of three tons of Thompson Seedless raisins and sweet boxes from A. P. Brooks, the value of the property taken amounting to \$250.

CREON CHARGE IS MISDEMEANOR

Savings Banks Pay You 4% Interest On What You Save--Kutner's Pay You Interest On What You Spend

Your Big Favorite Store Is Full of New Things These Days--Suits, Coats, Waists, Shoes, Millinery, Dress Goods and Silks. Everything New, Everything Marked At Fair Prices.

Crepe de Chine Waists \$1.48

Pretty new styles with long sleeves and convertible collars—come in white or flesh—all sizes—\$1.48.

Candy Special

Regular 50c Cream Non-gat Roll, special today in our candy department for 30c lb. Phone 3700.

Kutner's Protective Store Service

It is almost necessary for you to have the protective service of a dependable store like Kutner's at this time. The unsettled and advancing conditions of the market, owing to the European war, furnishes an excellent protection for the unscrupulous to cut quality and raise prices. And it is these conditions Kutner's guard you against. Our patrons know we give them absolute protection both as regards quality and price at all times. We cheerfully offer these advantages to every family in Fresno and the valley.
